

EXPERIENCE

- Army, United Nations, Enforcement Coordination Cell** Tokyo, Japan
Operations Manager (Secret OCONUS) October 2025 – Present
- Coordinated multinational intelligence collection operations across 12 partner nations within the Pacific Security Maritime Exchange to monitor and disrupt illicit North Korean maritime sanctions evasion.
 - Implemented Palantir Maven AIP workflows that integrated multi-source intelligence, vessel behavior, and collection reporting into a real time common operating picture for watch floor users and senior decision-makers.
 - Converted fragmented maritime intelligence inputs into a consolidated alert workflow that reduced manual data entry by 75%, flagged dark vessels, and improved watch floor response to emerging indicators.
 - Declassified and disseminated maritime intelligence into releasable products for partner nations, enabling Korea, Japan, and Taiwan to identify, interdict, and seize vessels violating UN sanctions.
- Army, US Forces Japan, 5th Transportation Company, Composite Watercraft** Tokyo, Japan
Project Director (Secret OCONUS) September 2023 – October 2025
- Managed activation of 225 personnel and watercraft operations at Yokohama North Dock.
 - Oversaw \$400M+ in equipment, services, and property acquisition through DoD contracting systems.
 - Integrated the Army's first LCU vessel modernization program, coordinating \$60M+ in maintenance and upgrade efforts across global vendors while aligning cost, schedule, and performance within a regulated, mission-critical environment.
 - Established global husbandry service network in coordination with the U.S. State Department, Australian government, and international logistics partners, enabling sustained regional watercraft operations.
 - Supported LCU-2000s, LSVs, and Small Tugs by directing a team of 85 support personnel to create a manufacturing, distribution, warehousing, and repair network of external agencies including NAVSUP, DLA, GSA, and local partners.
- Army, 142nd Division Support Sustainment Battalion, 1st Armored Division** El Paso, TX
377 Transportation Company, Heavy Equipment Transport Manager September 2022 – September 2023
- Responsible for the safety, readiness, and training of 50 Soldiers and logistics valued at over \$46,000,000.
 - Led 75+ missions, overseeing all wheeled movement across 1.1 million acres at Fort Bliss.
- Bravo Company, Maintenance Manager* November 2021 – September 2022
- Directed maintenance operations, repairs, and parts tracking across Army supply systems to sustain equipment readiness.
 - Organized the deployment of personnel and equipment to three National Training Center rotations.
- Army, European Combatant Command** Stuttgart, Germany
Medical Plans and Operations Intern (Secret, OCONUS) June 2019 – August 2019
- Cadet Intern on the Command Surgeon Staff, focused disease tracking and medical operations for USEUCOM.
 - Performed strategic regression analysis informing the development of health policies for NATO and Joint Staff.
